

Among adult Americans there may be no concern as universal as that of planning adequately for the future.

Hopes and dreams for the “golden years”—not to mention the unknowns of tomorrow—are prompting more Americans to take full advantage of plans that provide future income.

A Charitable Gift Annuity offers some unique benefits and is increasingly popular because it provides secure income for your future and a gift for the future of ministry at Native American Christian Academy.

For Gift Annuity rate quotes

I want to start a Charitable Gift Annuity to benefit Native American Christian Academy. Please prepare my personalized illustration on how a gift annuity will provide me with fixed income and help change lives.

Consider a Charitable Gift Annuity

On behalf of:

Native American Christian Academy

Model Generosity—Leave a Lasting Legacy

CHRISTIAN NETWORK FOUNDATION

Model Generosity

Leave a Lasting Legacy

Now is the time to invest in the future.

Did you know that a Charitable Gift Annuity with the Christian Network Foundation can benefit both you and Native American Christian Academy? You will receive fixed income for life, save on taxes, and make a difference in the lives of children.

A Gift Annuity with a high payout rate, which is fixed at the time you make your gift, is a smart investment strategy.

In exchange for your gift of cash, stock, or any appreciated asset, we promise to pay you for the rest of your life. All of our assets back this promise, so your income is secure and it will never change! At the end of your life, the remaining funds will be distributed directly to Native American Christian Academy in support of their mission.

Are you...

- Disappointed in CD Rates?
- Needing a secure cash flow?
- Tired of the stock market roller coaster?
- Wanting to transform God's Kingdom?
