THANK YOU

Thanksgiving has come and gone but our thankfulness for our donors has not ended. Since we are a purely donation based ministry we are incredibly thankful to each of you who supports our school whether it is through financial means, Work & Witness, box tops, coke codes, and certainly prayer.

You help to make this ministry possible as we bring the good news to a population that lives below poverty level and without the advantages that you provide. In our partnership with you our students have a hope and a future with our God who is the ultimate provider. Thank you so much for your support.

HIGH SCHOOL TO COLLEGE

When our students become Sophomores, they begin to take college classes at the local college in dual enrollment. Last year, we had three High School students who took advantage of this program. This month we have added another four High School students to the roster at the college. For several of them they will be the first in their family to attend college. These students will begin English 101 this spring while our other college students will begin Spanish 102. This is made possible by a College Bound Scholarship that is available to High School students who carry at least a 3.0 grade average.

In addition, our students have been able to hear from recruiters and colleges that offer ways for them to be able to attend college or trade school once they graduate from NACA. If you are interested in supporting our HS students as they pursue further education or training, we have a Clover Give link on our webpage.
